Employee Payroll System ⎋ | Core Java, Oops Concepts

- About Project **highlight key points**

INTERNSHIP

Virtual Intern, ICT Academy Openweaver ⎋   **10-08-2023 – 12-09-2023**
Full Stack Development   *ONLINE-REMOTE*

- Gained hands-on experience in **Core Java** and **front-end development**.
- Applied Java programming skills to build foundational projects and improve coding proficiency.
- Enhanced knowledge of front-end technologies such as **HTML** and **CSS** to develop user interfaces.

Extracurricular

Academic Project ⎋
Frontend Development (HTML/CSS)

- Responsible for designing and developing the **frontend** using **HTML** and **CSS** to ensure a clean and user-friendly interface.
- Collaborated with team members to integrate the frontend with the backend and improve the overall user experience.
- The project aimed to develop a Resume Builder website, allowing users to create simple resumes by filling out interactive forms.
- My contribution involved creating responsive page layouts, styling forms, and ensuring the user-friendly.

Courses and Tutorials

- Web Development Course - FTCC Academy
- SQL Crash Course - Apna College
- Git and GitHub Tutorials - Chai Aur Code
- Java Tutorials for Beginners - Telusko
